

Tuk Tea Company

Feeling thirsty? We have a tea for that..

Tuk Tea Company

Love is always brewing

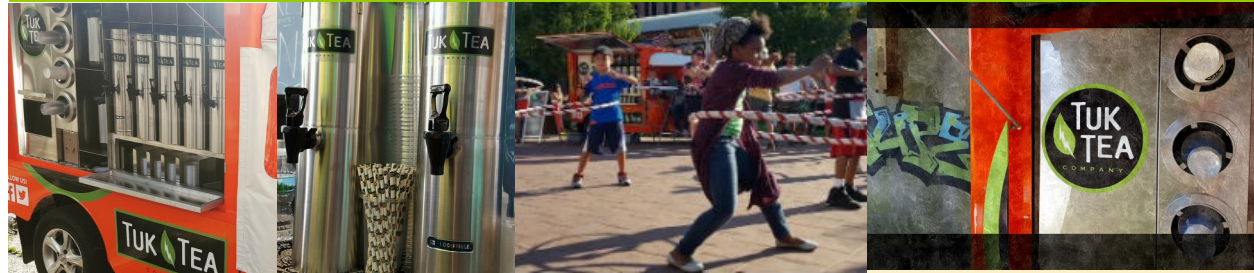

Camillia the Etuk

Our mission is to bring quality iced and hot tea to the streets of Buffalo by way of our emission free electric Etuk Camillia.

All of our teas are organic and small batch brewed each day to ensure the highest quality and freshness. We offer a variety of white, green and black teas along with tisanes.

Photo Heading

“The tea AND owners here are wonderful.” ~ Julia J

Looking for something unique & different to serve your guests?

Why not offer a tea bar iced, hot...or both? This idea is perfect for bridal showers and it's a great addition to dessert time at weddings. Loose leaf tea is also great as an individual favor for your guests to take home to remember that “Love is always Brewing”.

Our “**TEA BAR**” features a variety (we recommend 4-5) of different types of loose tea for your guests to create their own cup of hot tea. If your wedding is in the warmer months an “**ICED TEA BAR**” with flavored iced teas is a nice refreshment for guests. We suggest a variety of tea blends from the traditional black and green teas to a few more unusual flavors for those more adventurous guests.
